We provide a free in-house 2D and 3D CAD design service, plenty of Free Brochures, 7 kitchen displays, 32 appliances and meeting spaces to sit and discuss your design layouts.

We also offer an experienced, professional team, with a combined total of over 70 years' experience in the kitchen industry, who will follow the project through from initial design to completion and are on hand to assist in any aspect of the project with you.

Direct from the factory, all kitchens and appliances are delivered to our own Laindon Warehouse & Logistic centre, and delivered to you on the day you need it by our own van and driver.
